

Note Keeper

- Rohan Rabbi

Keeper

Title

Take a note...

Add

Note Keeper App Links & Refereneces:

Github link: <https://github.com/rohanxxx/note-keeper-web-app>'

Website Link: <https://note-keeper-web-app-1.onrender.com/>

Tutoris Links: Followed TA's demo

List Of Things Learned:

- dotenv and it's usefulness
- deploy both frontend and backend for the first time
- connected backend for the first time to the front end
- first time ever using mongodb

Thank You
